

The Weather
Mostly cloudy, somewhat colder tonight. Wednesday cloudy and windy with rising temperatures.

Delta Kappa Gamma Hears Panel

Need for Teachers Emphasized

MEMBERS OF A PANEL of Ohio State University personnel speaking last night before members of the Delta Kappa Gamma society are (left to right) Miss Kay Morter, Dr. Collins Burnette and Miss Mary Weaver. Miss Morter, a graduate of Washington C. H. High School, and Miss Weaver are members of the student council at the OSU College of Education. Dr. Burnette is coordinator of student personnel at the College.

America is going to be short some 5,000 teachers within the next five years unless something is done to encourage the nation's young people to enter the profession.

That was the warning issued by a panel of Ohio State University educators and students appearing Monday night before a meeting of the Fayette County chapter of Delta Kappa Gamma, the national honorary society for teachers and educators.

Serving on the panel were Dr. Collins Burnette, coordinator of student personnel in the Col-

lege of Education at OSU, and Miss Kay Morter and Miss Mary Weaver, members of the student council at the College of Education.

The figures on which Dr. Burnette based his prediction were the current and expected enrollments at schools of education, plus the predicted requirements for teachers between now and 1960.

School officials expect that they will need 8,000 teachers in these five years, but Burnette said that only 3,000 are now available. The market is wide open for all teach-

ers, he said, with the greatest need in high schools for teachers of English, home economics, general science, physics, music and mathematics, in that order.

DISCUSSING THE inducements teaching offers young people, Dr. Burnette stressed the constantly increasing salaries in the field. There is still room for improvement, the panel members said, but the teacher is no longer so grossly underpaid as he has been in the past.

The cost of a teacher's education need not be prohibitive, Dr. Burnette stated. A minimum of \$850 will enable a student at OSU to complete a year's course, though "without frills," he said. Moreover, the university has a loan fund to assist qualified students, and can provide part-time jobs so that a student working two hours each weekday and all Saturday can get along financially. And finally, there are numerous scholarships available.

Miss Morter and Miss Weaver gave accounts of their own training at OSU and their experiences in practice teaching.

The importance of "selective recruitment" of teachers was underscored. Not everyone makes a good teacher, Dr. Burnette pointed out. He submitted this list of qualifications every teacher must have:

1. He must like children. 2. He must be well adjusted, since his attitude and behavior affects the children. 3. He must be a continuing student, learning something new each day. 4. He must be interested in community, national and international affairs. 5. He must be healthy, since there are rigorous demands on the teacher's time.

One of the most effective organizations guiding qualified young people into teaching is the Future Teachers of America, Burnette said. He urged the people of the county to support the local FTA chapters.

THE MEETING, held in the fellowship hall at Grace Methodist Church, was attended by members of Delta Kappa Gamma and their guests, administrators of the city and county schools and high school seniors interested in entering the teaching profession.

A short business meeting preceded the panel discussion with Miss Gladys Melson, president of the chapter, in charge. Members completed arrangements to attend a birthday luncheon in Chillicothe as guests of the Alpha Gamma chapter. Miss Melson was chosen as the local chapter's delegate to the state convention of Delta Kappa Gamma, slated for April 15 and 16 in Cleveland.

Miss Jane Grillot, chairman of the committee for selective recruitment of teachers, introduced the members of the panel.

Refreshments suggestive of St. Patrick's Day were served by Miss Dorothea Gaut, Mrs. Delma Hilly, Mrs. Lucille Davis, Miss Anna A. Alice Frayne and Miss Golda Baughn.

Wittenberg Ending Activities Ban

SPRINGFIELD (AP)—A ban on extra-curricular activities at Wittenberg College will be eased tomorrow and end by Saturday.

Dr. Clarence Stoughton, college president, said tomorrow's basketball game with Capital University will be played. Two games scheduled last week were cancelled. The curb on outside activities stemmed from a wave of minor illnesses, Dr. Stoughton said.

WASHINGTON (AP)—The scales of the Senate Finance Committee appeared tipped today against a House-passed tax cut of \$20 a person to take effect next Jan. 1.

"The show's over," said one committee Republican, asking anonymity, when he heard that Sen. George (D-Ga.) has stated he would vote to knock out the cut.

In any event, the issue appeared likely to be carried to the Senate floor later in the week.

Republicans said their seven committee members were holding fast against the cut, although some expressed uncertainty about Sen. Malone (R-Nev.) who declined to say how he would vote.

But with Chairman Byrd (D-Va.) and George committed to vote to strike out the tax cut, the GOP side could win even with one defection.

Democrats have an 8-7 majority on the committee.

SEN. BARKLEY (D-Ky) proposed a compromise to put into gradual effect the income tax reduction. It would provide a \$10-a-person cut in 1956, \$15 in 1957 and \$20 starting in 1958. This attracted no immediate support from those opposing any cut at this time.

The House bill would make the \$20-a-person reduction effective Jan. 1 next year. It would cost the Treasury about \$2.2 billion a year. It would also extend for a year the present corporation and excise rates scheduled to drop April 1. This provision, asked by President Eisenhower, would continue about \$3 billion in annual revenue.

Secretary of the Treasury Humphrey vigorously attacked the \$20 plan yesterday before the committee, arguing it could set off another round of inflation.

He termed "strictly phoney" a compromise advanced by some Democratic senators to make the effective date for the \$20-a-person cut July 1, 1956, and to continue the corporation and excise rates until then.

Advocates of this plan had been hoping George, the dean of the committee and its former chairman, would go along with this. But he dashed their hopes, although he left the door ajar slightly with the comment he might offer some compromise if a deadlock over the bill develops between the House and Senate.

GOP Readies Pruning Hooks For Gov. Lausche's New Budget

COLUMBUS (AP)—Pruning hooks in hand the Republican-controlled Ohio Legislature today studied a record \$931 million two-year budget submitted by Democratic Gov. Frank J. Lausche.

The five-term governor used \$10 million from the state treasury surplus to balance the operating budget he offered to the Legislature last night together with a message which insisted the lawmakers impose no new taxes on the people of Ohio.

The use of surplus money to finance the state's "living expenses" for the next two years riled Senate Majority Leader C. Stanley Mechem (R-Athens) and Sen. Tom V. Moorehead (R-Muskingum), Senate Finance Committee chairman.

"I never heard of such a thing," snorted Mechem, operator of several retail shoe stores. "If I expect to operate my business for the next two years, I'm not going to do it by using my last two years' profit. And the state shouldn't use its surplus from the last two years to pay its bill for the next two."

Commented Moorehead:

"An unbalanced budget! That's great! If the state's income for the next two years doesn't equal the amount the state plans to spend, then the budget doesn't balance."

"Everyone knows that two years from now the state will be expected to spend at least as much as it does in the next two years, but the surplus money may not be there. What do we do then?"

The bulk of Lausche's recommended increases would go to schools, poor relief and salaries for more employed in the state's mental hospitals.

The boosts for schools, simply because more and more youngsters are flooding into the schools, would be \$31 million. Poor relief would jump \$14½ million and nearly \$9½ million would be allocated for more employees in mental institutions.

Pair Of Twins Gets Twin Penalty

ELYRIA (AP)—A pair of 48-year-old twins, Roy and Ruby Jones, drew a double set of fines and workhouse sentences yesterday for gambling.

A raid by the sheriff's department and liquor enforcement agents Friday turned up marijuana and policy game material at the Jones' cafe.

Justice of the Peace C. C. Lord fined both men \$500 and sentenced them to six months in the Toledo Workhouse, but suspended the sentence on Ruby Jones.

Israel Accused Of New Attack

38 Egyptians Killed Inside Own Territory

CAIRO (AP)—Egypt accused Israel today of killing 38 Egyptians and wounding 21 others in a "sneak" night attack on an army headquarters two miles inside Egypt's Gaza strip.

The Egyptian director of Palestine affairs, Lt. Col. Salah Gohar, termed the attack the biggest clash on the Israeli-Egyptian frontier since the 1949 Palestine Armistice.

Five hours after the Egyptian announcement, an Israeli army spokesman in Jerusalem announced that the Egyptians had attacked an Israeli army unit and a "battle ensued which started in Israel territory and continued into the (Egyptian-held) Gaza Strip." The spokesman said the "enemy forces were repulsed" and the Israelis "suffered a number of casualties."

Gohar said Israeli forces surrounded the army unit last night, blasted it with mortars and demolition charges, and then ambushed a truckload of 36 troops rushed to the position.

"THE ISRAELIS even threw Molotov cocktails of blazing gasoline into the wrecked truck," the Egyptian spokesman reported.

"Twenty-two were killed and 14 were wounded. None escaped being either killed or wounded."

Gohar said 16 Egyptians were killed and seven were wounded in the opening attack. These casualties were believed to include one civilian dead and one wounded.

He charged also that the attackers destroyed a well supplying one-third of the water for the ancient town of Gaza, population about 40,000.

It was expected Egypt would act quickly to bring the incident before the U.N. Security Council.

Max G. Dice Appointed Municipal Court Judge

Judge Max G. Dice

Max G. Dice a former judge of Fayette County's probate court and a retired colonel of the United States Air Force, is going to be the new judge of the municipal court here that serves Washington C. H. and all of Fayette County except Jefferson Township and Jeffersonville.

He was appointed Tuesday morning by Gov. Frank J. Lausche to take place of Judge William Lovell, who has been presiding at the municipal court under a temporary appointment for the last two weeks.

Judge Lovell accepted the appointment on a temporary basis in order to clear the docket of the cases, most of them of a minor nature, that had accumulated during the two weeks the court was without a judge.

The municipal court's first judge,

Plane Crashes Trailer Park; 5 Persons Die

LAKE CHARLES, La. (AP)—A crippled B47 jet bomber smashed into a suburban residential area last night, killing five as it cut a fiery swath into a trailer park.

The dead included the three crewmen and a young couple whose house was demolished by flaming debris.

The six-engine Stratojet was trying to land at Lake Charles Air Force Base when it hit a power line, crashed and exploded in a field. Heavy metal pieces hurtled into the residential area.

The air base said the plane reported one engine had failed.

Capt. George Spotswood, base public information officer, identified the dead crewmen as:

Capt. Clarence Wilson, 34, pilot, California, Pa.; Capt. Mark M. Veck, 34, copilot, Downsville, Calif.; and Capt. Elwyn B. McBee, 33, observer, Fort Worth.

The Calcasieu Parish (county) sheriff's office identified the dead civilians as Albert Morgan, 24, and his wife Kate, 20.

T. Sgt. James C. Sapp of Lake Charles AFB, was burned when debris ignited his trailer home. His condition was termed not critical. His wife was uninjured.

Wreckage of the plane was scattered over an area more than 250 yards long and 75 yards wide.

The main part of the plane careened into the Morgans' house.

3rd Atomic Test Lights Up Desert

LAS VEGAS, Nev. (AP)—The third shot of the 1955 atomic tests converted the predawn darkness into daylight for a brilliant moment at 5:30 a. m. today.

Observers here said it was the largest flash of this year's series. It flared yellow at first, then orange and finally faded away.

The flash lighted up light clouds and flash seemed to go up unusually high. The flash was plainly visible in Los Angeles 250 miles to the southwest.

March Arrives In Ohio With Tornado As Escort

Woman Killed In Youngstown; Troy Battered

\$100,000 Damage For Cities; Rain Said Heavy Elsewhere

By The Associated Press
A tornado ushered March into Ohio today, causing at least one death, injuring other persons and hitting at two cities, Youngstown and Troy. Extensive damage was reported in both areas.

Elsewhere in the state heavy thundersqualls struck in scattered areas, accompanied by lightning and hail in many cases.

Fire believed to have started from a lightning bolt during the storm destroyed the New Paris stockyards killing 250 head of hogs and 100 pigs.

The stockyards is on Ohio 121 at the northern edge of New Paris in Preble County.

Tornado-like winds hampered efforts of firemen from New Paris, New Madison and Richmond, Ind., in fighting the blaze. The big stockyards' barn was engulfed in flames soon after the alarm was sounded.

Vaughn Riegel, who purchased the yards about 11 months ago, said the dead animals included his show herd. He said damage to the building would amount to between \$15,000 and \$20,000, but was unable to give the estimate on loss of the hogs and pigs.

The tornado first hit Troy in Miami County about 12:45 a. m. It uprooted about 30 large trees, damaged at least three residences and one manufacturing plant, and knocked out power lines. The tornado hit in about a half-mile to three-quarter mile stretch, then turned toward the northeast.

The first high winds hit Youngstown shortly before 3 a. m., striking in one area then skipping a few blocks to dip down again near the city's eastern limits damaging some homes and felling trees.

HOUSEWIFE, Mrs. Mary Fallott, 43, was killed in the Youngstown tornado when the winds wrecked her small dwelling. She was found in the driveway amid the wreckage of the house. Her husband, Andrew, 45, was hospitalized with cuts on the shoulder.

Fallott said he heard a roar, covered himself and his wife with a blanket, and the next moment was out in the pelting rain in the yard.

Six other persons were injured at Youngstown as the winds swept five basementless homes off their foundations. Among the injured was Billy Conklin, 2½, whose father, Kenneth, 37, was blown out into the yard.

Conklin clawed his way back into the wreckage and found his

Hawaiian Volcano Erupts After Silence Of 50 Years

PAHOA, Hawaii (AP)—The volcano Puuwa, showing first sign of life in more than 50 years, spouted with new fury today and a visitor from Oregon, dazzled by his ringside view of the spectacle, declared:

"Judging from that, it will be a long time before hell freezes over."

But there were serious aspects concerning the fuming crater as civil defense officials declared a state of emergency and one small village was virtually abandoned.

An estimated 100 acres of sugar cane fields and timber were ablaze with molten lava. More than 400 persons fled their homes in the path of the fiery rivers moving relentlessly forward.

Civil defense headquarters reported tons of fluid rock spreading out in three directions. Fountains of boiling lava shot 50 to 100 feet in the air from four white hot craters rising higher by the hour.

The state of emergency will permit officials to order people out of their homes. Some have refused. Sightseers are stopped at Pahoa. There have been no casualties and no home has fallen before the boiling streams.

Early today the main lava stream had traveled about 2½ miles from the ocean.

The eruptions started at 8:10 a. m. yesterday when a cane field five miles southeast of Pahoa in

the Puna district blew up in a shower of molten lava. Since then three other fissures have opened, filling a blazing triangle bounded by the villages of Kapoho, Opihikao and Pahoa.

Sixty families were evacuated from Kapoho, two miles ahead of the largest lava flow. Police reported a few families refused to leave their homes until all hope was lost.

The main flow had picked up speed and shortly before midnight had moved 500 feet in two hours.

Main spectacle for thousands of sightseers was a second flow which crossed the Kapoho road yesterday afternoon while onlookers and civil defense workers milled around a few feet away.

It moved slowly, a few yards an hour, and thousands of spectators flocked to the edge of the road to watch the nightmarish fireworks.

A boiling white hot crater barrel 50 yards off the road shot lava 50 feet into the air, felling blazing trees and setting roadside underbrush ablaze.

Snoke, sulphur fumes and muffled roars filled the air. The ground shook underfoot but the crowds kept pouring in.

By midnight the flow, some 200 feet wide, piled fuming lava 10 feet high across the road. It cooled rapidly but a few feet away it was still like a furnace.

Area Development Framework Set Up

Framework for a program of the economic and social development of this area was put together at the first meeting of the newly created Area Development Committee of the Chamber of Commerce here Monday night.

There were 43 members of the big committee in Fayette Grange Hall for this initial meeting and to hear Elwood Zimmer, the chief planner for the Dayton Chamber of Commerce, give them some pointers based on his own experience.

Glen Allen, the secretary of the Chamber of Commerce presided at the meeting which, in spite of its importance, had an atmosphere of informality.

Robert Terhune, the Chamber president, explained that the Area Development Committee had been formed because of the prospect of industrial growth and the interdependence of rural and urban areas in a compact county such as Fayette County.

He pointed out that already, Washington C. H. was overflowing the city limits and that for the good of these contiguous developments the program of progress should take in the entire area.

Walter Morrow, the chairman of the committee, made it plain that "it must be understood that this committee has no powers, that it will not attempt to dictate and that it will act only in an advisory capacity to the legally constituted governing bodies. This committee will seek to gather information and make recommendations to the proper authorities."

AT THE START of his talk—which was a talk and in no sense a speech—Zimmer told the group

Meanderings By Wash Fayette

For a great many years March 1, or near that date, has been recognized as the annual moving time for farm tenants.

However there are comparatively few such changes being made this year, due to the small number of farms for rent.

Years ago when farm tenants were much more numerous than at the present, scores of tenants changed locations each year. In many instances one tenant farm house was not cold from the fires of the previous tenant, until the new tenant moved in and took over.

In this way an endless chain of changes took place and a regular moving time was necessary so that tenants who were forced to move would have a place to go.

With modern farm equipment and fewer farms for rent, the number of farm tenants has decreased greatly in the last 25 to 40 years.

Solons Recall Attack, Ask For Pro Cops

WASHINGTON (AP)—Just a year ago today four Puerto Rican fanatics sprang up in a visitors gallery and sprayed the House Chamber with bullets.

On this first anniversary of that wild shooting attack, five representatives who were wounded called on Congress to replace the present politically appointed Capitol police force with a corps of professionals.

Sponsors of the bill were Representatives Roberts (D-Ala.) and Bentley (R-Mich.), who were most seriously wounded. They said they were joined in this move by Representatives Davis (D-Tenn.), Jensen (R-Iowa) and Fallon (D-Md.), other shooting casualties. All have recovered although Roberts still walks with a cane.

Speaking in the House yesterday, Roberts said that "but for a miracle" many would have been killed when the Puerto Ricans—three men and a woman—pumped lead at the House floor. The four were given long prison sentences.

The House last year passed a bill to create a Capitol police force under civil service. But the Senate shelved the measure.

Chairman Burleson (D-Tex.) of the House Administration Committee indicated that his group would favor the new proposal early and favorable consideration.

Big C119 Crashes

TOKYO (AP)—The U.S. Air Force said a twin-engined C119 flying Boxcar crashed tonight, 18 miles north of Ashiya Air Base on Kyushu Island. A spokesman said all seven men aboard bailed out over water and were picked up by rescue crews. One man died later.

Court of Honor Held By Scout Troop 152

In a candlelight court of honor Monday evening 15 Boy Scouts of Troop 152 received pins advancing their rank, while each mother was awarded a miniature replica of the pin earned by her son.

The court of honor, held in American Legion Hall, followed a recreation hour and a potluck supper attended by 36 scouts and 45 guests.

The ceremony opened with the presentation of the colors. The first pin awarded was in the tenderfoot rank, to Lewis Harris. Scoutmaster Robert Bachelor presented the pin to the troop's newest member.

Second class badges were given to Malcolm Potter, Loren Powell, Jack Pollard, Jerry Haines, Jack Plymire and John Core. Frank Reno, advancement chairman made the awards.

Richard Steen, chairman of outdoor activities, presented first class pins to David Reno, Jackson McDonald, Bob Reed, Jerry Hamby, John Penrod and William Cliff.

Merit badges were awarded to Donald Brown for citizenship and Don LeMaster for home repair.

Recognition for their work with the troop was given Scoutmaster Robert Bachelor, Assistant Scoutmaster Darrell Hamby, junior assistant scoutmaster Ronald Graves and Donald Brown and Senior Patrol Leader Don LeMaster.

The closing prayer was offered by Kenneth Chaney.

March Arrives

(Continued from Page One)
son still in his crib, heavy wreckage lodged over it but not crushing it. Conklin, his son and his wife, Betty, 34, were taken to a hospital with cuts and bruises.

Two women were hospitalized with serious injuries. Mrs. Rosemary Polito, 44, had a broken pelvis and was suffering from severe shock. Mrs. Marjorie Whitaker, 34, has a possible skull fracture.

Police, firemen and Red Cross workers were mobilized to probe the wreckage and help the homeless.

As far as could be determined, only one person, an unidentified motorist, was hurt in the Troy twister. During the height of the winds his car struck a tree. He was treated for minor injuries by a physician in the neighborhood.

AUTHORITIES said they believed the Youngstown storm might exceed \$100,000 in damage.

The same preliminary damage estimate was made at Troy, where three residences were damaged on South Mulberry Street. The roof of one, that of Mr. and Mrs. Charles Sebo, was blown off. Two adjoining houses occupied by Lawrence Wackler and Mrs. Bertha T. Weimer also were damaged. None of the residents reported injuries.

Troy police said the tornado ripped into the part of the downtown area, tearing off some roofs, then skipped to a residential area where some porches, chimneys and roofs were blown off.

Heaviest damage at Troy was to the Sunshade Co., manufacturers of lawn furniture. The second floor of the two-story building collapsed and fell on two freight cars on a siding next to the building.

Both the freight cars were damaged heavily. Some damage to the roof of Hobart Manufacturing Co., also was reported.

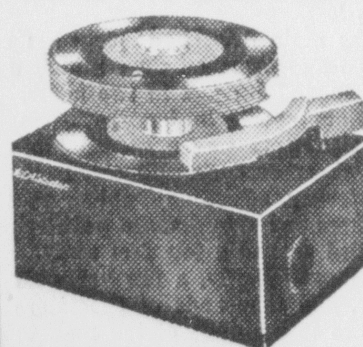

In Hamilton County, swollen waters were pushing against a Jackson Lake dam, the highway patrol reported. The 32-acre lake is about 18 miles east of downtown Cincinnati. The dam threatened to break and spill tons of water over the nearby small towns to the north, and some families were evacuated from the area.

Man Survives Fall

DETROIT (AP)—Walter Simard, 25, fell from the top of a three-story building yesterday while painting a sign. He suffered only cut hands, a sore hip and twisted ankle. He said he broke his 50-foot fall by grabbing at wires and brackets holding the sign.

Mainly About People

Carl Noon, 604 Clinton Avenue, was admitted to Memorial Hospital, Tuesday morning. He is a patient for observation and treatment.

Mrs. Charles Duncan and infant daughter were returned from Memorial Hospital, to their home in Jeffersonville, Monday afternoon.

Donald Swaim was taken from his home, 523 North North Street, to Memorial Hospital, Monday afternoon in the Kirkpatrick ambulance. He is a medical patient.

Mrs. Harold Skinner, Route 2, New Holland, underwent surgery in Memorial Hospital, Tuesday morning. She was admitted Monday afternoon.

After being a medical patient in Memorial Hospital, Henry Dearth, was released to his home on Route 5, Monday afternoon.

Denny Heath, 219 Circle Avenue, entered Memorial Hospital, Monday afternoon for observation and treatment.

John N. Browning, Sr., of the Columbus Road, who has been a patient in University Hospital, Columbus, for the past week, underwent major surgery Monday morning.

Charles Cottrill, 626 Gibbs Avenue, was admitted to Memorial Hospital, Monday afternoon, for surgery Tuesday morning.

Miss Alva Rodgers was taken from Memorial Hospital, to the home of Mr. and Mrs. Edward Lynch, 1004 North North Street, Monday afternoon in the Gerstner ambulance. She is recovering from a hip injury.

Mrs. Rex Ater, Route 2, New Holland, underwent surgery in Memorial Hospital, Tuesday morning. She was admitted Monday afternoon.

Gilbert Thomas was taken from his home, 524 Delaware Street, to Memorial Hospital, Monday evening in the Gerstner ambulance. He is a patient for observation and treatment.

Mrs. Donald Crabtree and infant son were returned from Memorial Hospital to their home, in Milledgeville, Monday afternoon.

Jess Todd was released from Memorial Hospital, and taken to his home, 802 South North Street, Tuesday afternoon in the Gerstner ambulance. He had been a medical patient.

Mrs. Delbert Rankin, a medical patient in Memorial Hospital, was released to her home, Route 3, Sabina, Monday afternoon.

Rev. and Mrs. Francis T. McCarty moved Monday from the First Baptist Church Parsonage, on Leesburg Avenue, to 4295 East Broad Street, Columbus. Rev. McCarty has accepted the pastorate of a newly constructed Baptist Church, in East Columbus.

Mr. and Mrs. Edward B. Hatch, nee Cynthia Fabb, Torrence Road, Columbus, are announcing the birth of a seven pound, eight ounce daughter, Julia, in University Hospital, Columbus, Tuesday at 3:15 A. M. Mr. and Mrs. Charles A. Fabb, of the Chillicothe Road, are the maternal grandparents.

Mr. and Mrs. Arnold Chandler, Route 1, Jeffersonville, are the parents of a ten pound, eleven ounce daughter, born in Memorial Hospital, Monday at 6:23 P. M.

A daughter, weighing eight pounds, fourteen ounces, was born in Memorial Hospital, at 6:48 P. M. Monday, to Mr. and Mrs. Charles Fisher of Sabina.

Nelson Paul Dies In Hospital Here

Nelson Paul, 73, who has lived in the Milledgeville-Octa community for the last 38 years, died at 2:20 P. M. Monday in Memorial Hospital here where he had been a patient for eight days.

His closest relatives surviving are nieces and nephews. He came to Fayette County from Ross County.

Funeral services are to be conducted at 2 P. M. Wednesday at the House of Prayer in Octa by Rev. Shellie Bonardant. Interment is to be in the Milledgeville-Plymouth Cemetery.

Friends may call any time at the Parrett Funeral Home here.

Camera Club Meet Is Well Attended

Twenty-two members of the Camera Club attended the Monday night meeting for the second school in photography conducted by Axel Bahnsen of Yellow Springs.

Many prints were submitted for constructive criticism on merit and imperfections.

Ralph Child, Leonard Korn and Harry Fox were models for a demonstration of corrective and bounce methods of lighting in both black and white and color photography. Refreshments were served at the conclusion of the meeting.

Dice Appointed

(Continued from Page One)
ington C. H. and a graduate of the high school here in 1917, just in time to go into the army for the first World War. Later he served in the second World War as an officer in the Air Force.

He received his bachelor of arts degree from Miami University and his degree in law from Georgetown University at Washington, D. C.

HE ENTERED the practice of the legal profession in Dayton with the firm of Burkhardt-Heald and Pickersell.

From there he went into the Dayton city attorney's office and later was the Dayton prosecutor three years. After that, he was assistant prosecutor of Montgomery County.

In 1932 he and the former Miss Jean Howat were married and Dice settled down here to the practice of law.

But four years later, he was elected judge of the probate court for his first term. He was re-elected in 1940, but along came the second World War and Judge Dice entered the Air Force and resigned as judge.

Judge Otis Core was named to succeed him and finally Judge Rell G. Allen went in as probate court judge and remained there until his death last year.

Judge Dice retired from the Air Force about a year ago with a commission of colonel. During his time in service he served as provost at Wright-Patterson Field and as a plant security officer in various parts of the country. He spent much time on the west coast.

Although coal produced 90 percent of U. S. energy supplies in 1900, it now produces less than 30 percent.

The Weather

Coyt A. Stookey, Observer
Minimum yesterday 45
Minimum last night 49
Maximum 69
Precipitation .58
Minimum 8 A. M. today 49
Maximum this date 1954 35
Minimum this date 1954 25
Precipitation this date 1954 .06

Temperatures will average about five degrees above normal, normal high 41-48; normal low 24-29. Cooler Wednesday and Thursday, warmer over the weekend. Rain north Wednesday and entire state about Saturday. Total rainfall about one half inch.

Thunderstorm Sweeps County

A heavy electrical storm swept the county, including this city, at an early hour Tuesday morning, and there was considerable wind and heavy rainfall over much of the path of the storm.

No damage of consequence was reported as result of the wind and lightning.

For the 24 hours ending at 8 A. M. Tuesday, rainfall was .58 of an inch, and added still more water to the already swollen streams and saturated soil.

Area Development

(Continued from Page One)
said, to be taken to prepare for the future: (1) make plans and (2) translate those plans into achievement through objective actions.

He showed on a map how Dayton had grown and extended its boundaries and pointed out that the expansion of the city's area was inevitable when adjoining rural communities were settled with the overflow of people from the city.

These communities, he declared, became a part of Dayton at their own request because they wanted and needed the many services a municipality provides.

To underscore the importance that is attached to planning in Dayton, he held up a thick book which he said was a condensation of a master plan for Dayton.

He said it had been made by specialists at a cost of \$125,000 to replace a plan that had been drawn up in 1925.

He explained that these master plans will stand for years, although they will have to be revised to meet changing conditions.

Foresight, he stressed, is needed to prevent economic waste in the future.

A NOTE of warning was injected into his talk by Zimmer when he said: "Don't sacrifice long range planning for expediency." He added as an example that "it might be cheaper to put in a small sewer now, but it will cost much more sometime in the future."

He pointed out that with the dispersal of industry as a defense measure could make any small city today a big city tomorrow, even the Washington C. H. area.

Communities kept growing until they die, he said.

All of this he declared leads to

the inevitable need for consolidation of communities.

Annexation, he said, has become a "dirty word" for some unaccountable reason but he added, "every city has to face it... its boundaries will have to be extended if it continues to live."

He expressed the belief that the current problems of this area were due in part to lack of planning.

He said there are three alternatives area development: (1) remain a rural or township unit, (2) incorporate as a village and (3) annex to the central unit of development.

Annexation, he said, brought the advantages of community service. He saw the big hitch in community development linked to the question of "Who's going to be boss?"

The Dayton survey, he said, showed that the out-of-pocket cost to unincorporated communities or villages added up to more than the taxes in the city.

He urged the members of this committee to remember that the good of the whole community comes first and told them that the biggest drag on area development would be those individuals who were interested only in themselves.

During the question and answer period that followed he said that there was a law that permitted municipalities to exercise a certain amount of control, particularly in zoning, over a three-mile wide belt around them.

The Area Development Committee is made up of the chairmen of all of the other Chamber of Commerce committees, plus representatives of the city and county governments and the schools systems.

Jane Froman, Mate Trying Separation

MIAMI BEACH, Fla. (AP)—Singer Jane Froman, her fairytale marriage to pilot John C. Burn threatened by "personal problems," rested here today while her husband vacationed in Mexico.

When asked if she had any plans for a divorce, she quickly replied, "Absolutely none."

Burn was copilot of a plane that crashed in the Tagus River of Portugal in 1943, in which 24 of 39 persons died. Both he and Miss Froman were injured but he held her head above the water for nearly an hour until they were rescued.

Miss Froman spent five painful years recovering from her injuries and married her rescuer at Miami in March 1948.

Dems In Dixie Disagree On Ike's Chances

WASHINGTON (AP)—Sen. Gore (D-Tenn.) said today he doesn't believe President Eisenhower will have "an outside chance to carry a single Southern state in 1956."

Gore said he disagrees with Gov. Robert F. Kennon of Louisiana, who said yesterday in Richmond, Va., that if Adlai E. Stevenson is the Democratic candidate again he will run into party opposition as he did in 1952. Stevenson lost four Dixie states to Eisenhower: Texas, Florida, Virginia and Tennessee.

Kennon supported Eisenhower in 1952. Gore, who backed Stevenson, asked: "Who is he to tell the Democrats whom they should nominate?"

Gore said he believes the traditional Democratic hold on the South has been solidified by Eisenhower administration policies.

"The people of the South don't like the President's policy of giving tax relief to the rich," he said. "They don't like his farm policy nor his power policies."

"If Eisenhower is a candidate again in 1956, and I assume he will be, I don't think he has an outside chance to carry a single Southern state."

Kennon, a Democrat, said he would like to see the Democrats nominate someone like Sen. Byrd (D-Va.) or Gov. Allan Shivers of Texas, among others. Shivers supported Eisenhower in 1952 and Byrd declined to back Stevenson.

Until recently it was believed that only leguminous plants can fix nitrogen from the air but a recent discovery indicates that a species of alder tree can do it.

The Nation Today

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON — Congress is almost finished voting a pay raise for itself—\$7,500 a year—and raises for federal judges and district attorneys. Total cost to the taxpayers will run around seven million dollars.

The Senate approved the idea yesterday. With the House almost certain to do the same, the pay boost then will be effective as of today. Congress had a lot of support for this move.

President Eisenhower gave his blessing beforehand, without naming an amount. So did a special commission which he appointed in 1953 to study the problem of pay increases for Congress, the judges and the district attorneys.

The salary of 530 members of Congress—96 senators, 434 representatives—goes from \$15,000 a year to \$22,500. That of the remaining House member, Speaker Rayburn (D-Tex.), goes from \$40,600 to \$45,000.

So does that of Vice President Nixon. The bill does not affect the President, who gets \$150,000 in salary and an expense fund.

The \$7,500 increase for all members except the speaker is a 50 per cent raise. The last increase Congress voted itself, in 1946, was from \$10,000 to \$15,000. The presidential commission last year recommended a raise to \$27,500.

This is what happens to the pay of about 400 federal judges:

Chief Justice Warren—\$25,000 to \$35,000; the eight Supreme Court associate justices—\$25,000 to \$35,000. Judges of the United States Court of Appeal—\$17,500 to \$25,000. Lower court judges' pay will jump from \$15,000 to \$22,500.

United States district attorneys and assistant district attorneys were permitted a pay boost by Congress too, but how much each gets depends on how much Atty. Gen. Brownell wants to give him. Congress left that up to Brownell.

He can raise district attorneys any amount from the present maximum of \$15,000 to the new maximum of \$20,000 and assistant attorneys from the present maximum of \$12,500 to the new maximum of \$15,000.

In addition to his pay each member of Congress gets official office space in Washington (in the House and Senate office buildings) and in his home district. He is allowed a minimum of \$12,500 a year for clerical hire, \$2,500 in mechanical equipment, \$800 a year to buy stationery, unlimited free mailing privileges.

For travel to and from Washington for each session of Congress—one round trip—he is allowed to deduct \$3,000 of his salary as expenses for income tax purposes.

The presidential commission estimated it costs the average member of Congress \$3,000 a year more than his old \$15,000 salary, and that 80 per cent of the members must depend on some private income. Many members maintain two residences, one here, the other at home.

Red Gives Warning

LONDON — A. I. Mikoyan, Soviet first deputy premier, said today that if the Paris treaties to rearm West Germany are ratified, Germany will never again be united. His speech at the Leipzig Trade Fair was broadcast by Moscow radio.

"IT'S SO EASY TO PLACE A WANT AD."

County Scouts Plan Booths at Scout-O-Rama

6 Units From Here Will Show Projects At Columbus Event

Six of the county's Scout units will participate in the Central Ohio Scout-O-Rama, according to the latest count of Scout executives here. The big annual show put on by the Boy Scouts of America is slated for March 12 and 13 at the State Fairgrounds in Columbus.

More than 200 booths will show off the kinds of projects Cubs, Scouts and Explorers undertake. The displays will run from Cub Scout crafts through the most difficult of skills required for Boy Scout merit badges to Explorer Scouts' full-scale community service projects.

The Fayette County boys will be a part of a crowd of more than 9,000 youngsters expected to jam into the Fair booths to show their scoutcraft.

All kinds of projects, ranging from demonstrations of fishing-fly tying to a display of animals native to central Ohio, will be shown in the booths.

Acts in the arena will include Indian dances and a four-tractor "square dance," along with many other colorful displays.

DAVID SIX, county participation chairman, reported that the six county units so far slated to have booths at the Scout-O-Rama were Cub Pack 229, sponsored by the Cherry Hill PTA; Troop 32, sponsored by the Grace Methodist Church; Troop 316 of the Children's Home, sponsored by Washington C. H. Jaycees; Troop 67 of the Jeffersonville American Legion; Explorer Post 303, sponsored by the First Presbyterian Church here and Air Scout Squadron 152, sponsored by the First Baptist Church.

In addition to Six, Dr. Lawrence Burris, the county advancement chairman, is working with the Columbus Jaycees, sponsors of the show.

Ticket sales are in charge of Robert Wise. Beginning March 5, a week before the opening date of the show, each Scout unit in the county will begin door-to-door sales in its own community.

Hatoyama Retains Vote Popularity

Tokyo — For the fourth time in his life, Prime Minister Ichiro Hatoyama won the highest personal vote in Japan's general election today, the newspaper Asahi said.

Unofficial returns showed Hatoyama won 149,486 votes as one of 14 candidates for four seats in Tokyo's heavily middle-class 1st District.

Total district registration was 879,844. Next highest man in the district was Democratic Education Minister Masazumi Ando, with 93,756.

Excursion Booked

CHARDON — The National Railway Historical Society will sponsor a special train to the Geauga Maple Festival Sunday, March 27, from Canton.

Corn Show Banquet To Include Women

Indications, two days ahead of the opening, are that the Corn Show this year will come up to all expectations and the standards set during the 33 years it has held the mid-winter spotlight in this agricultural county.

This was the outlook described at the Chamber of Commerce Tuesday as final plans were made for the opening Wednesday. The first day is to be given over the setting up exhibit of corn and other small grains, eggs and baked goods, including these in the separate Grange baked good show, which is to be a part of the event this year.

The Chamber and the Fayette County Seed Improvement Association are co-sponsors of the Corn Show as they have been for many years past.

Nearly every year, there is some new and different feature of the Corn Show. This year women are to join the men at the banquet which has brought together the businessmen of the farm and the

Sgt. 1-c Richard E. Shoults, 27, son of Clifford A. Shoults, 203 Lakeview Avenue, has been named "Soldier of the Week" for the Fourth Signal Battalion in Japan. A platoon sergeant in Company E, he was selected in competition on the basis of his neatness, knowledge of military subjects and efficient performance of assigned duties. Sgt. Shoults entered the army in 1945 and has been overseas since July 1953. Mrs. Shoults is in Japan with him.

businessmen of the city year after year in one of the most unusual gatherings anywhere.

Not many of the feminine contingent are expected at the banquet that is to be held in the American Legion Hall at 6:30 P. M., but the reservations show there will be several of them.

ALREADY the reservations exceed last year's total of 176 and tickets will be available at the Chamber of Commerce office until Thursday, the day of the banquet.

This year, the Businessmen and women of the city are to entertain the businessmen and women of the farms.

Bill Zipf, a newspaper and radio farm editor, is to be the principal speaker.

A native of Columbus, he started in the farming business on his great grandmother's farm in Fairfield County but switched to his present work later. He is a graduate of Ohio State University's College of Agriculture.

The Corn Cobblers, a wacky bunch of comedians who made corny music with their unique homemade instruments, are to provide the entertainment of the lighter side.

The champions of the Corn Show are to be awarded the trophies in another feature of the after-dinner program if everything goes according to plan.

Narcotics Form Self-Help Group

CLEVELAND — A group of eight former narcotics addicts have organized Cleveland's first "Narcotics Anonymous" group. The members, meeting under the guidance of a Municipal Court probation officer, voted to gather every second week in their own homes and to give each other "pledge tasks" as part of an activities program.

Their names were not disclosed, but the group said their membership includes a college-trained chemist, two Korean War veterans, a barber, three tradesmen, and one unemployed person.

Sweden reports that a record 339,769 non-Scandinavians lived there in 1954, most from Western Germany (103,545) with Americans second (65,878).

Scholarships Set by Armco

Two Types Offered Youth In This Area

Applications for Armco college scholarships are being distributed this week to high schools in the Fayette County area and in other communities where Armco or Armco Drainage plants are located, according to C. H. Murray, Armco vice president in charge of public and personal relations.

Folders describing the scholarships are also being distributed to Armco men and women in the company's plants, Murray said.

Two types of Armco scholarships are being awarded to high school seniors. The George M. Verity Educational Opportunity Fund offers three scholarships in the University of Cincinnati's College of Engineering and the Armco Foundation awards four scholarships in industrial supervision at Wilmington College.

Offered annually since 1946, the Verity Scholarships carry an award of \$850 each. Any senior who has a parent employed by Armco Steel Corp. or Armco Drainage & Metal Products, Inc. is eligible to compete.

Winners of these scholarships may select any of the engineering courses offered by the University of Cincinnati. They will also have a job at Armco during the work periods of the University's cooperative program.

These scholarships, increased from two to three last year, are made possible by the personal contributions of Armco executives.

The Armco Foundation Scholarships at Wilmington College each carry an award of \$250. Any young man who is a senior in a community where an Armco or Armco Drainage plant is located may submit an application for one of these four scholarships.

Foundation award winners may select either the general or electronics course in the industrial supervision program at Wilmington College.

Developed only a few years ago this unique program was planned in conjunction with industrial leaders in the area. Its purpose is to train young men so that they may take advantage of the opportunities in a field where there is a great need for qualified people.

Students in the industrial supervision program attend classes for three days each week and work in a Wilmington, Ohio, industry for three days. This work-study system, like the one at the University of Cincinnati, not only enables the student to earn most of the money for his college education but enables him to obtain valuable work experience while attending school.

PITY THE PLIGHT of poor Jayne Mansfield (above). She seems to look like Marilyn Monroe. Jayne has the distinction of being the 100th Texas girl to sign a film contract. Other distinctions of the Dallas beauty are 40, 22, 35½ measurements in descending order. She's 5-foot-5½. (International)

Long Beach Airport Jets Frightening To Jackrabbit

LONG BEACH, Calif. — Consider the jackrabbits of the field. They never had it so bad.

At least the rabbits who live on the mile-square barley field at Long Beach Municipal Airport. Jet airplanes have them running in circles.

Crowded out of their old haunts by nearby housing booms, the rabbits are making a last-ditch stand on the airfield.

The rabbits are fairly blasé about the air age. They don't even stop munching barley when propeller-driven planes take off. But when the big jets release their brakes and go whooshing into the sky it's a different story. Noses twitch, ears lie flat and the rabbits run helter-skelter like the celebrated Peter leaving Mr. MacGregor's cabbage patch.

Jets aren't their only worry. Some citizens want controlled hunting at the airfield. They contend the black-tailed jackrabbits are legitimate game, and also are pests, potential crop destroyers and carriers of dangerous diseases including plague and tapeworm.

An instructor said the Long Beach Police Junior Rifle Club

kids would love to shoot them. A bow and arrow enthusiast claims it would be fine training for boys to hunt the rabbits in the old Indian manner.

However, they do have a few friends. "Their ancestors were here before ours," said Mayor George Vermillion yesterday. "They are not going to be murdered."

Glen Arbogast, city aeronautics director, said it would be too dangerous to be shooting arrows and bullets on the airfield.

So in the meantime the rabbits sit — eating barley and multiplying.

THREE ESCAPE

GREENFIELD—Three men who stole tools from William Clay's automobile, were chased by Clay and the police. A Nash car they were driving was abandoned and the stolen tools were found in the car.

Demagoguery Behind Tax Cut Move

Frankly we find it difficult to see the consistency or reasoning of those persons who are loudly seeking a reduction in the national debt and a balanced national budget while at the same time demanding an immediate cut in federal taxes.

That an honest effort is being made toward debt reduction and a balanced budget by the present national administration is evident in the gradual decrease of the number of employees and the cutting down of federal expenses. True, no sensational figures to that end have as yet been reached, but the effort is underway and is continuing. It is hard to achieve a completely satisfactory result in little over two years which was built up for 20 years by Roosevelt and Truman.

Now the move by certain labor leaders and quite a number of Democrats in congress to upset slow but sure efforts, by a demand for a tax reduction at a critical period in the financing, is beyond understanding except that those Democrats and those few Republicans who are doing this, feel that it will be a popular move and will get them some extra votes next year.

Some congressional Democrats seem intent upon retaining for their party the "inflationary" label pinned on it during the Truman Administration. At that time Democrats on Capitol Hill bitterly resented and repudiated the label, but in the 84th Congress many of them seem to be living in the part for all they are worth.

Their proposal of a \$20 income tax cut for everybody including dependents, as

Secretary of the Treasury Humphrey declares, is at this time "completely contrary to the public interest." At his news conference recently President Eisenhower called it the height of fiscal irresponsibility. It is also the rankest kind of demagoguery.

"This move," warns Mr. Humphrey, "is playing fast and loose with the welfare of 160,000,000 Americans by deliberately increasing deficit financing—with all its inflationary dangers—instead of continuing the administration's responsible financial management, which has been so beneficial for all Americans during the past two years."

To a government trying to climb out from under chronic (and therefore ever more dangerous) deficits, the Democratic political gesture would add a burden of more than \$2,000,000,000; according to Secretary Humphrey it would "just about wipe out" the gains already made by the Eisenhower regime. And for what purpose? To what end?

Some Democrats show partisan determination to reverse Republican efforts toward a balanced budget. They insist upon injecting inflationary dope into the bloodstream of the national economy during a GOP Administration in the hope that administration could then be saddled with the blame for a rise in the cost of living. But such Democrats ought to be deterred by the self-evident fact that the game isn't worth the candle; it won't buy enough votes in 1956 to matter. It is hard to believe the American electorate is that stupid.

Equal Rights For Men Too

NEW YORK (AP) — Congress is missing a bet, Rep. Katharine St. George of New York, who is both a lady and a Republican, has introduced a bill you'd think every man in America would back.

It proposes a constitutional amendment to give women equal rights. Naturally her male colleagues, who may feel they already are living in a civilization dominated by feminine muscle, don't act very excited.

They aren't interested in giving women even more power. And the bill seems to have disappeared down a deep dark well, the same well it vanishes into every year that Mrs. St. George introduces it.

But what the gentlemen in Congress are overlooking is the fact that they may be missing a rosy opportunity to get back equal rights for men. The amendment would abolish all legal discriminations based on sex alone.

Mrs. St. George believes a lot of anticipated state laws now do discriminate against the ladies. She cites a number of states in which her sisters aren't allowed to serve on juries. She says that in North and South Dakota a husband can put his wife out to work and make her turn all her pay over to him.

The lady legislator chivalrously admits many states have passed laws giving special protection to working women. But she feels most women would willingly forego these special privileges for

the chance to compete with men on equal terms.

Why doesn't Congress leap at this golden chance? Anything that tends to equalize the sexes before the law can't help but hold out the hope of giving a better break to America's frustrated, beaten-down males.

Granting the exceptions listed by Mrs. St. George, don't women by both custom and the actual working of the law enjoy vast advantages over men today?

They have special privileges in everything from getting a seat in a crowded bus to getting away with marital murder. A man who kills his wife in a fit of rage after 20 years of incessant abuse goes to the chair or to prison for life. But a wife can cold-bloodedly mow down her husband, invent any defamatory lie about him she can think up to explain her action, and have an odds-on chance to cry her way to freedom. She may even later marry a sympathetic bachelor on the jury.

The energy men burn up in out worn forms of gallantry—running errands for women, lighting their cigarettes, straining themselves pushing revolving doors so the girls can walk through without so much as even lifting their little pinky—probably is one explanation why men die younger.

One man I know even blames his baldness on his chivalry.

"My mother taught me at the age of 5 to remove my hat in the presence of ladies," he said. "After 35 years of taking off my hat and putting it on again, I finally wore all my hair off. And what is my reward? Women laugh at me now."

There is also the little legal matter of alimony. A wealthy woman now can marry a poor and innocent young man, turn his boyish head with her riches, and then, after he gives her the best years of his life, toss him aside penniless and go on to another man. If he tries to sue her for a fair share of her hoard, he is laughed out of court as a bum.

The 20th Century has been a one-way street for the ladies too long. Let's climb on Mrs. St. George's bandwagon, boys, and force women once and for all to take equal rights. If they are made equal in law, they must in time accept equality in social customs, whether they want to or not.

Let the girls tip their hats to us every time we tip ours to them. Let them light our cigars every time we light their cigarettes. Let them do their fair share of pushing in revolving doors. Let them divvy up some of that 70 per cent of the nation's wealth they now control. When they go on maternity leaves, let's us go on maternity leave.

An equal rights amendment that shifted more of the world's burden on women would help free a man from worrying about what would happen to his widow. It might result instead in leaving him a carefree, cheerful old widower himself.

Complexities Of World Trade

It is easy to be theoretic about what does not affect one's own affairs. Actually for the amount of shears and scissors I would ordinarily buy, it would make little difference where the cutting steels come from. However, if I were manufacturing shears, scissors, surgical instruments or manicure sets in the United States at this moment, I would be looking around for something else to do or I might even move my business to some other country and export the goods from there to the American market. It could be more profitable under H. R. 1, now before Congress.

Before World War I, most of the surgical instruments and supplies came to this country from Germany which specialized in this kind of commodity. Then during the war, the United States was caught short. Appeals were made to American manufacturers of scissors and shears to go into surgical instrument production, which required particularly skilled labor, workers with a high capability for precision. If this work group is lost by American firms going out of the surgical instrument business, it will be difficult to reassemble the workers.

For many years, this industry was protected by a tariff which it regarded as reasonable. Mean-

while, American surgeons found it easy to get their own inventions and improvements manufactured here in the United States. The tariff, on shears and scissors, has now been lowered twice and probably faces a third reduction. The American manufacturer is required to pay wages that are four times higher than wages paid to similar workers in Germany and he cannot translate the difference into a competitive price.

Result: American firms are closing down. The shears, scissors and manicure implement manufacturers association states that the following firms have already discontinued manufacturing these commodities:

Berridge Shear Co. - Sturgis, Mich.; Belmar Instrument Co. - Belmar, N. J.; Birmingham Cutlery Co. - Birmingham, Ala.; Cas Smiley Co. - Fremont, Ohio; Cameron Manufacturing Co. - Emporium, N. Y.; Arthur Corp. - Newark, N. J.; Harjan, Inc. - East Orange, N. J.; Kafelt Manufacturing Co. - Keene, N. H.; Progress Cutlery Co. - Fort Smith, Ark.; Rex Cutlery Corp. - Irvington, N. J. T. E. Schneider Corp. - S. Norwalk, Conn.; Tri-Ess Products, Inc. - Jersey City, N. J.; International Edge Tool Co. - Newark, N. J.

Others are expected to follow. It is reported that in Solingen, Germany, and vicinity there are about 800 manufacturers of cutlery, ranging from family work at home to small factories in addition to manufacturing at about one quarter the American cost, this industry is subsidized by the West German government which receives subsidies from the United States. American manufacturers cannot compete with low wages and indirect American subsidies to German firms, plus a tariff.

It is not an American manufacturer of quality shears and

By George Sokolsky

scissors is J. Wiss and Sons. They have now gone out of the surgical scissors business because they cannot remain in it competitively with Germany. The Claus Cutlery Company reports that it will have to do the same because "our production is almost down to nothing."

It is possible to say: Who cares? If Messrs. Wiss and Claus cannot afford to make surgical instruments, let them go into some other business. They are not like dairy farmers who have to be subsidized; they do not have that many votes. On the other hand, if we get into World War II, are our boys to die because surgical supply necessities cannot be imported from Germany? That is the real issue -- not whether individual firms will survive or not.

There is a theory that when Americans manufacturers cannot compete in the American market with manufactures from other countries, they should omit making this particular commodity and devote their capital and skill to something else.

That theory might be sound in time of peace. But we're living in a world that is continually with in a prospect of war. Therefore, it is essential to conserve those American industries which are needed for war production and those skilled laborers who are becoming all too rare in a period of automatic machine production.

That is a factor in our manufactures that ought to be weighed against the advantage that may come from supporting the economies of those nations which we want to keep on our side. The American industries involved are comparatively small and do not involve huge investments of capital or large numbers of workers. But what they do may be irreplaceable in time of war.

"I've decided to serve the rest of my sentence. We discovered uranium while digging in the tunnel."

Diet and Health Medical Discoveries Through Research

By HERMAN N. BUNDESEN

New medicines, and new methods of using known medicines, are constantly being developed through research. Among the latest advances are these:

Varidase, streptokinase-streptodornase has been reportedly used effectively to reduce swelling associated with bruises, wounds, operations, infections and tooth extractions more rapidly, thus shortening hospital confinement.

Widely Used

This preparation already is widely used in surgery for dissolving pus and blood clots. In such cases it is applied locally.

By administering it intramuscularly, it reverses the process of inflammation, according to tests conducted by Dr. Joseph M. Miller, chief of surgical service at the Veterans Administration Hospital, Fort Howard, Maryland.

Excellent Results

Tests were made on 64 patients. At the end of the first day of treatment, Dr. Miller reports, beneficial effects were observed. Excellent results, he says, were obtained on 45 patients, and good results on 15.

No improvement was noted in four patients. Three of these had advanced and complicated conditions, and the other received insufficient treatment.

"Alflorone" Acetate, a derivative of hydrocortisone, promises to make long-term treatment of chronic skin conditions more practical and more economical.

High Effectiveness

Upon releasing the new product, Sharp & Dohme, Division of Merck & Co., Inc., announced it possesses an anti-inflammatory activity up to 10 times as great as hydrocortisone on a weight-for-weight basis. This indicates that any skin condition responding to an ointment of hydrocortisone will respond to Topical Ointment of "Alflorone" Acetate in one-tenth of the concentration.

Treating Whooping Cough

A new intramuscular form of the antibiotic, terramycin, has proven helpful in treating whooping cough, according to three doctors of Brooklyn's Kingston Avenue Hospital.

Drs. Gustave Davis, Samuel Weinberg and Benjamin Newman report that 40 children were given three injections of terramycin per day. Their temperatures returned to normal in an average time of less than one day, the physicians said.

None of the children vomited after the second day of treatment. By the third day, the doctors reported, the number of whoops had decreased and the coughs had become less severe.

The average hospital stay, they said, was shortened. There were no deaths and none of the cases developed into pneumonia.

QUESTION AND ANSWER

E. F.: What are the symptoms of Buerger's disease?

Answer: The earliest symptom of the disease is a pain in the calf of the leg or foot, especially after exertion. Color changes usually appear in the foot, the foot becoming a purplish red when held down, and white when it is elevated. In severe cases, gangrene may occur.

Fayette County Years Ago

Five Years Ago

Twenty-two Fayette Countians take exams for census-takers' jobs here. Thomas B. Carr is to be head of the crew working here, which numbers 25 when enough qualified applicants have been found, tested and trained.

Robert Bailey, former secretary of the Eagles Aerie here, is dead at 44.

Two Fayette County students at Ohio State University take runner-up awards in the Little International Livestock Show on the University campus. Charles Dray takes second in the dairy showmanship class and William Davis places in the slaughter contest.

NEW MERCURY WINS RAVE REVIEWS FROM AMERICA'S TOP AUTO EDITORS

"In my book, the 1955 Mercury Montclair is the best-looking car made in America regardless of price... The '55 Mercurys have nearly everything—looks, top performance and roadability."

TOM McCAHILL
True Magazine's "Automobile Yearbook"

"On looks, (Mercury) is sleek enough to draw whistles... a doozy to drive—quick, smooth, and sure-footed. It is the kind of car you would want as a good companion on a long, fast trip."

FRANK ROWSOME, JR.
Popular Science Monthly

"With its all-new styling and high speed, (the new Mercury Montclair) may become 1955's most popular car... I love its looks, visibility, speed and handling... It's hot as a pistol."

HARVEY B. JAMES
Auto Age

"Performance-wise, all three lines (Custom, Monterey, and Montclair) are bombs, triggered by big 292 cubic-inch engines with plenty of torque for spine-tingling pickup when you want it."

AUTO EDITORS
Mechanix Illustrated

Mercury Montclair, Monterey, Custom on the test track at Dearborn, Michigan. All 10 models in Mercury's 3 new series are powered by new Super-Torque V-8 engines (198 horsepower in the Montclairs, 188 horsepower in the Monterays and Customs). Dual exhausts are standard equipment on the

Montclairs and Monterays. Mercury's pickup and passing power has been boosted in every speed range. Tests show acceleration increases of as much as 30 per cent, and you get far more usable power for safer passing and hill climbing. Get behind the wheel of a new Mercury. Feel the difference yourself.

IT PAYS TO OWN A MERCURY—FOR FUTURE STYLING, SUPER POWER

Pensions Here Total \$42,868

**\$1,836.95 Also Paid
For Health Care**

During February 750 persons shared in the Division of Aid to the Aged pensions for the month, drawing an average of \$57.16.

The total amount paid to the 750 was \$42,868, exclusive of health care, which came to \$1,836.95 in the county.

The average in Fayette County was somewhat above the state average, according to figures submitted by the Division of Aid for the Aged, Department of Public Welfare.

Fulton County had 210 persons receiving aid under the program, and they were paid a total of \$11,767, or \$56.03 per person.

Clinton County has 853 on the payroll, who drew an average of \$58.17 per person.

Greene had 824 who drew an average of \$57.37, and Highland had 767 and the average was \$55.36.

In Ross County 705 were paid \$56.89 average.

Pygmies Given Special School

BRAZZAVILLE, French Equatorial Africa (AP)—The French have opened a school for pygmies at Impfondo, a small bush station.

The shy little forest dwellers just wouldn't attend classes where they had to mingle with big fellows. The Impfondo school has 15 boys, out of a pigmy population of perhaps 10,000 trying to learn the three Rs in French.

Farm Bureau Co-op Meeting Is Friday

Rockin' Rudy Hansen

Art Hoverland

Serious business and light entertainment have been combined for the annual meeting of the Fayette County Farm Bureau Cooperative Association Friday evening in the high school auditorium here.

On the serious side of the meeting, which is to be called to order at 8 o'clock, will be the election of two directors and the report of the past year's business by Clarence Cooper, the general manager of the association.

Candidates for the two director posts are Maurice Sollars, Ralph Theobald, Robert Haigler and Charles B. Cook. They were nominated by the committee of Roscoe Duff, chairman, Hazel Moyer and Frank Sollars.

On the lighter side will be an entertainment program of home spun humor and wisecracks and

stories and music of the hillbilly and folk song variety by well known performers as:

Skeeter Bonn, a country singer who plays his own guitar accompaniment for ballads, hymns, folk songs and popular music. He also is a yodeler extra-ordinary and plays a Spanish guitar on the side.

"The Melody Mr. and Mrs."—Billy Lee, who came from Glasgow, Ky., and plays the guitar, harmonica, piano, bass and Jew's harp, and the former Phyllis Brown, who sings and plays both the Hawaiian and Spanish guitars. They are each 23 years old.

Rockin' Rudy Hansen, who sings all types of songs and plays his own guitar accompaniment. But that's not all of this versatile performer's talents; he also plays the accordion and piano and yodels with the greatest of ease, even doing the difficult triple yodel.

IN BETWEEN these two extremes of business and entertainment will be the third feature of the triple-feature program that combines a bit of both—Art Hoverland, the speaker of the evening.

He is now the manager of the Adams County Farm Bureau Cooperative Association, but he had had a background that is unusual for its variety. He has at one time or another been a clergyman, science teacher, athletic coach, settlement worker, YMCA counselor, camp director and salesman.

He has been with the Farm Bureau in Ohio for 15 years. He started as executive secretary of the Clinton County Farm Bureau. He grew up on a farm near Mas-

Your School Report Card

By W. A. SMITH
(City School Superintendent)

Knowing the characteristics of children at different age levels is of great help to teachers. In an effort to pass this knowledge along to parents, the following information is presented from the teachers' guide books accompanying the health series published by the Scot-Foresman Co. which is used in our schools.

The appetite of the six year old is generally good, but they are conservative eaters—they will ask for the same kind of sandwich day after day. Breakfast is the poorest meal, and sometimes there is a tendency to revolt against milk for a time.

Sixes tire easily and they usually need more sleep and rest than they get.

They are particularly susceptible to colds and other respiratory diseases at this age. Baths are resisted—washing the face often means just around the nose.

They are beginning to lose baby teeth and to get six-year molars, a process in which they are much interested.

Decisions are difficult. The choice between a vanilla and a chocolate ice cream cone often tears them apart.

They usually are dawdlers. They need help in getting along with others, in taking turns and in sharing.

They can be surprisingly grown up at times—but not for long.

While in school he volunteered for foreign mission agriculture teaching, but while he was doing graduate study in preparation for this work, his church ordained him as a minister.

Eventually, he got into the Farm Bureau organization and while with the Licking County Farm Bureau Co-op, he lived on and operated a small farm.

He has not given any indication of the subject on which he will speak here Friday night.

There were 1,484,000 marriages in the United States in 1954, 60,000 fewer than in 1953.

Red Cross Sets Year's Budget

**Blood Program Here
Is Biggest Item**

The Red Cross fund drive, to begin here March 7, requires \$9,240 in contributions from Fayette County.

That was the goal announced by the Red Cross board of directors and fund drive leaders. But where does it go? What is it used for?

To begin with, explain local leaders, \$4,500 of the fund goal will stay right here in Fayette County to support the blood program and other activities of the local chapter.

Incidentally, they add that the local chapter is in tight straits right now. The fund drive is slated to end March 21; beginning April 1, all Red Cross activities will have to be financed from the proceeds of the drive.

A breakdown of the way the county chapter will spend its share of the 1955 goal shows that the blood program is by far the most expensive operation of the chapter. Of the \$4,500 leaders hope to raise for county needs, \$2,500 will be de-

voted to continuation of the blood program here.

LAST YEAR, 629 pints of Red Cross blood were used at the Fayette Memorial Hospital. Since all recipients of the blood received transfusions free of charge, there is no direct income from the program. All costs must be borne by voluntary contributions in this coming fund drive.

The remainder of the county's share \$2,000, will be divided among all the other activities of the local chapter. The biggest single item, next to the blood program, is service to veterans and active service men. The projected budget allows \$500 for this service.

Other items on the budget include salary for a part-time secretary (\$450), nursing service (\$50), first aid and water safety (\$100), communication for veterans and service men (\$250), fund drive expenses (\$150), administration costs (\$200), and operating facilities (\$300).

The national Red Cross is to get \$4,740 of the \$9,240 goal. Nearly half of that will be devoted to services to veterans and their families.

Other activities of the national Red Cross, in order of expense, are the food program, assistance to local chapters whose finances have been wiped out by aid in disaster, direct disaster service by the

Bloomington Lions Club Entertains at Annual "Ladies Night" Event

The members of the Bloomington Lions Club entertained at their annual "Ladies Night" dinner party, Monday evening at the Washington Country Club which honored their ladies and invited guests.

Preceding the serving of a delicious steak dinner Lion Howard Foster gave the invocation and the members and guests were seated at tables decorated with arrangements of red and white carnations and favors for the ladies were carnations.

Following a most pleasant dinner hour, Lion President, Mr. Robert Hawk, welcomed the members and their ladies and guests were also introduced.

President Hawk also presided over a short business session during which plans were completed for a community sale on Saturday, March 12, with the proceeds going to the Sight Fund of the club and committees for the project were named.

The remainder of the evening was spent in both round and square dancing with Herky Coe's Orchestra furnishing music and informal card games were enjoyed by those not participating in the dancing.

The committee for the lovely event was made up of Lions Club members, James T. Perrill, general chairman, who was assisted by Mr. Joe Elliott, Mr. William Boyd and Mr. Wilbur Snapp.

Late Summer Wedding Is Planned By Couple

Miss Victoria Otis

Mr. and Mrs. John Faxon Otis of Evanston, Illinois, announce the engagement of their daughter, Victoria, to Mr. Louis I. Larson, son of Mr. and Mrs. Irwin H. Larson, of Corte Madera, California.

Miss Otis, whose mother is the former Virginia Campbell, is the granddaughter of Mr. William M. Campbell of this city where she has spent many summers.

She is a graduate of Northwestern University, in Evanston where she is a member of Delta Gamma Sorority and also attended Miss McGee's School for Girls in New Orleans, Louisiana, (a Preparatory School) where she was given the citizenship award for outstanding qualities.

Following her graduation at Northwestern University she taught in the Evanston Public Schools and she is presently a teacher at Tamalpais School for Boys, in San Raphael, California.

Mr. Larson a graduate of San Francisco State College is also a member of the faculty at Tamalpais School for Boys.

Miss Otis and her fiancé expect to arrive at the home of her parents in Evanston about April 1 to spend their spring vacation where plans will be completed for a late summer wedding in Washington C. H.

Mr. and Mrs. Frank Terrell during the afternoon.

Small guests included were Christine and Judy Dean, Tonda Clark, Joda Campbell, Shirley Stephens, Rita and Ellen Bondurant, Patty Arnold, Gary Michiel, Michael, Skippy and Kim Carl, Paulette Callender, Pamela Caldwell, Wilma Coulter, Faye and Margaret Williams, Stephen Terrell, Michael Woods, Vicki Patch, Mary Ann and Johnny Ray Hendershot, Rebecca De Witt and Craig Knisley.

Mrs. John Forsythe, regent of the Senior DAR spoke briefly and thanked the members for their participation in the George Washington Tea.

Mrs. Fred Enslen, flag chairman, reported that a flag had been presented to the grade school at New Martinsburg.

The program consisted of the reading of an article on the Helen Pouch Scholarship Fund, and a flag quiz conducted by Mrs. Christopher which was most interesting as well as instructive.

Mrs. Enslen closed the program with the reading, "Men of Valley Forge," and a social hour was enjoyed during which refreshments were served.

Mrs. Slagle was assisted in the serving by Mrs. McCoy Gardner and Mrs. John Gerstner.

Guests included were Mrs. Paul Slagle and Mrs. Loren D. Hynes.

Tenth Birthday Of Little Girl Is Celebrated

Mrs. John Hendershot entertained at a party and the occasion honored the tenth birthday anniversary of her daughter, Cynthia.

A circus theme was used in decorations in the living room and a birthday cake, topped with a carousel, on a table in the center of the room, had streamers forming a tent overhead to which card board animals were attached to further carry out the circus motif.

Mrs. Richard Curl conducted a round of games and the prizes went to Ellen Bondurant, Michael Curl, Vicki Patch, Judy Dean, Patty Arnold, Shirley Stephens, Pamela Caldwell, Wilma Coulter and Faye Williams.

Ice cream and cake their favorite refreshments were served the children at small tables and favors were horns, clowns and party hats.

Mrs. Hendershot was assisted by Mrs. Richard Curl, Mrs. John Cal-

Personals

Mr. and Mrs. Paul Pennington and daughter, Paulette, have returned home after a three weeks vacation spent at Pompano Beach, Florida.

Mr. and Mrs. Robert C. Crane and family of Columbus, spent the weekend with Mrs. Crane's mother, Mrs. Fred F. Russell and Mr. Russell.

Mr. and Mrs. Roy Wipert, son, Dan, and daughter, Rebecca, are home after a few days visit in Chicago, where they were guests of Mrs. Wipert's brother, Mr. Ralph Pulver and family and other relatives.

Mr. and Mrs. Eber Coil are just home after spending the past seven weeks vacationing at Orlando and Hollywood, Florida.

Mr. and Mrs. Charles Amey of Fremont, were weekend house guests of Mr. and Mrs. Donald Swaim and family.

Misses Susan Wengel and Jo Reiff were in Columbus over the weekend, where they participated in the Methodist Youth Conference which was represented by one thousand young people, at all Methodist Churches in Columbus.

Mr. and Mrs. Robert Huff who spent the past four weeks vacationing in Miami, Florida, have just returned home and enroute they stopped briefly in New Orleans, when they attended the Mardi Gras.

Starlight Club Holds Meeting

Mrs. Glenn Burnett was hostess to members of the Starlight Club for a dinner meeting and had as her co-hostess Mrs. James Roof.

The members were seated at small tables for the serving of a delicious meal which was followed with a brief business session presided over by the president, Mrs. Alex Wackman.

The remainder of the evening was spent in playing euchre and at the conclusion, awards went to Mrs. Homer Wilson, Mrs. Alex Wackman, Mrs. Jasper Flowers and Mrs. Ed Bonner.

Additional members present were Mrs. Floyd Lynch, Mrs. Francis Coe, Mrs. Philip Cole and Mrs. Elmer Nichols.

Make your cake look pretty when you slice it! When you bake a cake in a pan that is 12 by 9 1/2 by 2 inches, cut it crosswise into 3-inch strips. Then cut these strips into rectangles, triangles, diamonds, squares, circles.

READ THE CLASSIFIED ADS.

Wedding Date Is Announced

Mr. and Mrs. Shellie Bondurant, 1114 Vine Street, are announcing the engagement and approaching marriage of their daughter, Wavelene, to Rev. Curtis Beerge, son of Mr. Harry Beerge of Huntington, West Virginia.

The open church wedding will be an event of Friday, March 4, and will be solemnized in the House of Prayer in Sabina, at 7:30 P. M., with Rev. Glenn Williams officiating.

Jimmie Dunn Is Complimented On Birthday

Mr. and Mrs. William B. Dunn, complimented their oldest son, Jimmie at a party at their home on the Camp Grove Road and the event celebrated his eighth birthday anniversary.

The young guests of Jimmie at the Good Hope School.

The group enjoyed a merry round of games during the afternoon and several prizes were awarded.

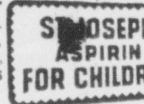

Later refreshments of individual cakes topped with the inscription "Jim" and a lighted candle, and ice cream were served and favors for each guest were coloring books.

Mr. and Mrs. Dunn were assisted throughout the afternoon by their two younger sons, Larry and David Jimmie's teacher, Mrs. Betty Eakins, Mrs. Robert Dunn, Miss Mary Jane Dunn, Mrs. Donald Dunn, and Mrs. Clarke Walker, of New Vienna.

The invited guest list included Mary Lee Thompson, Charlotte Barney, Vicki Craig, Sandra Wagner, Lucie Maston, Rose Ann Day, Janet Brown, Judy Geesling, Ann King, Anita Newton, Karen Smith, Linda Kellenberger, Sheila Coder, Peggy Bellar, Emma Gragg, Marilyn Jordan, Mary Morris, Ronnie Whiteside, Eddie Rea, Russell Hatfield, Freddie Hoppes, Steve Knisley, Jerry Newell, Billy Conaway, Raymond and Jimmie Mullins, Alan Foster, Bobby Minnix, Charles Puckett and David Weaver.

Comforts More Childhood Ills...

than any other children's aspirin. Mothers trust it, doctors approve it, children like its orange flavor.

Sorority Holds Special Party For Rushees

Members of Zeta Upsilon Chapter of Beta Sigma Phi Sorority entertained at a "Ship Wreck" party at the Farm Bureau Auditorium for rushees, Monday evening and Zeta Chapter members were also guests.

The group went aboard the Beta Sigma Phi Yacht and the ship wreck theme was carried out in costumes representing a wreck at sea.

The most original costume prizes went to Mrs. John Frost and Mrs. Harry Fitchthorn wearing night dresses draped with furpieces.

Group contests were enjoyed and prizes were awarded in an individual contest Mrs. Eugene Alkire was the winner.

The remainder of the evening was spent in a contest which was a take off of "Twenty Questions," which provided a merry hour.

Later the members and guests were seated at the "Captain's Table" for the serving of a buffet supper which was decorated with miniature ships.

Rushee's honored were: Mrs.

John Frost, Mrs. Harry Fitchthorne, Mrs. Charles Harris, and Mrs. Eugene Alkire.

Hostesses in charge of the party were Mrs. Elmer Haymaker and her assistants were Mrs. Lewis Walker, Mrs. B. M. Marliss, and Mrs. George Kuhlwein.

False Witnesses Pose Problem

WASHINGTON — Government officials admit ruefully that a lack of trustworthy corroborative witnesses and evidence may enable the self-confessed liars and professional perjurers in the nation's extensive Communist hunt to escape prosecution and conviction. They also concede that such a bizarre climax will mean dancing in Red Square, and tend to damage us with Allies and important neutral nations.

The Matusow-Natvig - Watson sensation has ballooned into an international crisis rather than a mere congressional or judicial review. For years, Russian spokesmen have charged that all our heralded revelations of Red spying were baseless and nonsensical. Their various United Nations emissaries have maintained that "The Americans see bogies under every bed."

CRITICAL—Indeed, a former Lord High Chancellor of Great Britain, Earl Jowitt, wrote a thick volume to question whether Alger Hiss had really been provided guilty. It is standard British opinion that, not only at home but abroad, the United States has grown too "hysterical" on the whole question of Communist subversion and expansion.

Thus, if key witnesses in Capitol Hill, as well as in federal and state courts, turn out to have been untrustworthy, our foreign critics will enjoy a macabre laugh at our expense.

QUAGMIRE—Federal prosecutors admit that they are caught in a judicial quagmire. If they prove that the trio lied in their original testimony in order to punish them for contempt or perjury, they weaken or destroy their case against alleged or convicted Communists.

The latter may be held to be entitled to a retrial, with the government's key witnesses discredited by their own confessions.

RED PLOT?—On the other hand, if Attorney General Herbert Brownell Jr. can demonstrate that their current retractions are falsifications, which would make them liable to temporary charges of contempt or perjury, he would cast grave doubt on their earlier evidence against the alleged operators of the Moscow apparatus in the United States.

As a result, the government's only recourse seems to be to try to find that their belated return to religion and truthfulness is, in reality, a "Communist plot," designed to discredit our anti-Red crusade at home and all around the world. But here again, corroborative witnesses would have to be the previously convicted or identified Communists.

DEVELOPMENTS—There are certain official observers who associate this sudden rash of retractions with several international developments in the cold war. These include the current SEATO conference at Bangkok, the crisis over Formosa, ratification of the Western European defense pacts and the forthcoming meeting of 30 African-Asian nations in Indonesia.

In short, this plot within a plot is meant to make us look foolish at this particular moment on the world stage.

By Ray Tucker

College Roll Curb Decried By Educators

CHICAGO — A panel of top American college educators assailed as "nonsense" and "rubbish" today the idea expressed by the president of Yale that colleges must keep enrollments down to prevent "dilution" of education.

The educators, here for the 10th National Conference on Higher Education, were asked by an Associated Press reporter to discuss college opportunities for young people. They centered their fire on Dr. A. Whitney Griswold, head of Yale, who on Feb. 18 said he did not think Yale should let itself get more than 10 per cent bigger.

President Francis H. Horn of Pratt Institute, said:

"This is sheer nonsense unless you admit that Yale or Princeton already has a diluted form of education. I think they still have a highly selective group. The results of their people out in front of science and technology and the humanities proves it."

Other comment included:

George H. Hand, vice president of Southern Illinois University: "I consider that (Griswold's) statement sheer rubbish."

Hong Kong Eyes Water Shortage

HONG KONG — This British colony has a water shortage despite the fact it gets about 85 inches of rainfall a year. Most of the rain falls in the summer. Right now residents are rationed to three hours' water supply daily.

The government plans to try rainmaking. Jets of water will be sprayed from 1,823-foot Victoria Peak into low clouds which usually are too light for normal precipitation.

Whisky Is Urged For Medical List

CROMPTON, England — Town Councillor Herbert Hargreaves is campaigning to have whisky added to the liquids doctors may prescribe under the national health service.

He says "there must be thousands of sick people who can't afford to buy whisky." Under the tax-supported service, patients have to pay only 14 cents for any prescription.

Liz Taylor Bears Her Second Son

SANTA MONICA, Calif. — It's another boy for film actress Elizabeth Taylor.

The dark-haired actress celebrated her 23rd birthday yesterday by giving birth by Caesarean section to a 5-pound, 12-ounce boy. Both mother and son, named Christopher Edward, were reported "doing fine."

Miss Taylor was married to British actor Michael Wilding Feb. 21, 1952 in England. Their first son, Michael, was born Jan. 6, 1953.

Gay 90 Star Dies

PASADENA, Calif. — Trixie Friganza, 83, world famous "Champagne Girl" of musical comedy and vaudeville in the Gay '90s, died yesterday.

Five Directors Elected For Community Chest

Every family in Washington C. H. and Fayette County benefits, directly or indirectly, from the services provided by one or more agencies of the Community Chest.

This claim was underscored Monday night when representatives of the ten participating agencies gave their yearly progress reports at the annual meeting of the fund raising group.

A tally of activities for eight of the Red Feather agencies showed that over 2,000 youth and adults were served direct. These organizations included the Boy Scouts, Camp Fire Girls, 4-H Club Camp, Mental Health Association, Salvation Army, U. S. O., YMCA (Hi-Y) and YWCA (Y-Teen).

Additional thousands took advantage of the facilities at the Public Park and received pleasure and entertainment from the Halloween, Christmas and Fourth of July programs which are included in the community activity fund.

Although the 1954 fund drive failed to reach its \$15,000 goal, the total of \$13,052.56 paid to the agencies represented the largest such allocation in the six years of Chest operation here.

PRINCIPLE item of business at the annual meeting, besides the yearly reports, was the election of five directors. Chosen for three-year terms were Homer Breiley, John Breiner, Leonard Essman, Mrs. W. P. Noble and Paul Rodenfels. Mrs. Noble and Essman, who headed the business solicitation last fall, are new directors.

The other three were reelected. John Wylie, Chest president, was in charge of the meeting which was held in the council room at City Hall.

Other board members present were Ray Maynard, Donald Muddock, Miss Louise Ritter, C. L. Musser, Miss Mary Frances Snider, Dr. John Richards and Perse Harlow, executive secretary.

Representing the various agencies were Eli Craig, Boy Scouts; Mrs. Jane Kerns, Camp Fire Girls; Mrs. Ruth Sheely, 4-H club camp fund; George Inskeep, Fayette County Mental Health Association; Robert Olinger, Salvation Army; Mrs. Charles Hire, YWCA; Richard Waters, Public Park and Jack White, YMCA.

The Community Chest's annual financial summary showed a total of \$72,241.56 has been paid directly to the agencies involved during the six years of Chest campaigning here. This total was made possible by contributions of individuals, organizations and business firms in Washington C. H. and Fayette County.

The largest share of this money went to youth services which received \$30,026.90 total in the six years.

Eight Picked Up Monday By Police

Eight persons were halted by the police over Monday, chiefly for infractions of the traffic laws.

Those arrested and offense charged were:

Charles E. Leebrick, Clinton Air Base, reckless operation;

Erwin B. Burgess of near Leesburg, no muffler;

Charles Leo Wilhelm, city, running stop sign;

Clarence N. Gingerich, Middletown, running red light;

Robert Leo Bertrand, Greensburg Ind., running red light;

Luther T. Wilson, Tartton, running red light;

Wayne C. Hoop, city, disorderly conduct.

One plain drunk also was arrested.

STACK RUINED — Lightning badly damaged the 100 foot brick smokestack of the Collins and Sons abattoir.

"IT'S SO EASY TO PLACE A WANT AD."

ALWAYS TIRED?

You may be dangerously taxing your entire system when you allow fatigue, nervousness—poor appetite and sleepless nights to drag you down because your body is vitamin and iron starved.

*These symptoms may have other causes or be due to functional disorders.

Bexel Helps Build Rich Red Blood FAST!

Each high-potency BEXEL Special Formula capsule gives you 5 times the daily minimum requirements of iron; more than the daily minimum requirements of all the B-vitamins that doctors will tell you are essential for proper nutrition; plus Vitamin B12 and trace minerals. These wonderfully strengthening capsules are recommended for mothers-to-be, when a sufficiency of iron and vitamins is vitally important to their health. Bexel Special Formula is especially important if you are over 40. Take 2 capsules daily for double potency! At all drug stores.

Penny for penny—you get MORE value in just one high-potency

A MCKESSON PRODUCT

RISCH'S DRUGS

Health and welfare services, such as the Mental Health Association and the Salvation Army, received a total of \$21,100.

Such general community activities as the Public Park and Community Activity Fund have been given \$12,141.76.

A total of \$8,972.90 has been contributed by Fayette County residents, through Community Chest, to the USO which serves our youth in the armed forces.

Courts

CASE BEING HEARD

Judge Charles R. Kirk, of Clinton County, was on the bench in common pleas court here Tuesday hearing the case of Earl Leroy Scott and Esther Scott Crone against Herbert Wilson, Edith Scott and Harry Crone.

The suit is to quiet title to the 47 acres known as the Fayette County Fair grounds. Carrington T. Marshall represents the plaintiffs in the action and Bromfield, Ford and Doughlan, of Columbus, represent the defendant.

Walter H. DuBard, Jr., to J. Wilard Sears, 229.16 acres, Jefferson Township.

Clara Tway to Merrill Looker, et. al., by affidavit, 24.30 acres, Paint Township.

Frank E. Baughn to Roy G. Mellow, Jr., lot 6 Rankin Addition.

Ray L. Presler to Lora Penwell, half of lots 856 and 859, L. C. Coffman Addition.

Walter H. DuBard, Jr., to J. Wilard Sears, 229.16 acres, Jefferson Township.

School Board OKs Floor Bid

Reports Are Made On Eastside Desks

A bid for \$475 made by the Matson Floor Service for the installation of a vinyl plastic tile floor in two rooms of the home economics department of the high school was accepted by the city school board at its regular meeting Monday afternoon.

The new floor is to be laid in the living room and sewing room of the department which are now undergoing redecoration by students under the direction of Mrs. Wayne Woodyard, the head of the department.

A report on the new chair-desks that have just been installed in the third, fourth fifth and sixth grade rooms at Eastside was made to the board by Supt. W. A. Smith. The report showed that 74 of the chair-desks had cost \$29.90 apiece for a total of \$2,212.60 and that 72 of them had cost \$30.20 for a total of \$2,174.40. That added up to \$4,387 for the 176 chair-desks.

Supt. Smith explained to the board that the new chair-desks had plastic tops that were resistant to scratching and marring and that they were of the latest design and suitable to install in a new building—when, and if, one is built to replace the present Eastside School.

AS A SIDELIGHT, there was a stack of letters, short and painstakingly written by childish hands, expressing appreciation of the pupils for the new desks. Members of the board were impressed, not only with the sincerity of the boys and girls, but also with good manners and common courtesy evidenced by their letters.

Mrs. C. L. Musser and Mrs. W. H. Limes were approved for substitute teachers, Mrs. Musser in the elementary schools and Mrs. Limes in the high school.

Payment of routine bills and payroll, all amounting to \$32,794.25, was authorized.

However, before the board adjourned, there was the usual discussion of the old problem of pupil crowding and of ways to alleviate the situation. While the board members said they were making progress and that several phases of the knotty problem are being unraveled, no official action was taken. For the most part, the discussions were informal, as they have been for months.

Board members have made it plain time and again that the situation is too complicated and that there is too much at stake (in expense and education of the youth) to move hastily.

Specialists have been called in for consultation and a survey made some time ago by the state-supported Bureau of Educational Research has been referred to frequently.

UNUSUAL ACCIDENT — Mrs. Kathryn Ehman, 55, is in a critical condition in the hospital here as result of monoxide gas caused by a pigeon stopping up a flue and causing fumes to circulate through the house. Her husband Samuel, also was overcome by the fumes.

SEED HEAD DIES — XENIA — Lewis N. Stewart, 75, head of the Alpha Seed and Grain Co., is dead.

6 County-owned Houses Here Bring \$24,225 at Auction Sale

SPURRING BIDDING on the six houses formerly owned by the county for veteran's housing, auctioneer Robert West (on stairs) confers with County Auditor Ulric Acton as early bidding proves sluggish. Many of the bidders stood to the sides of the Court House stairway, or even behind it. The proceeds of the auction will go to provide an elevator for the Court House. (Record-Herald photo)

Six county-owned small residences in Washington C. H., built with stated funds for housing World War II veterans and their families, went under the hammer at the Court House Tuesday at 10 A. M. and brought a total of \$24,225.

Three of the houses brought \$4,000 and the top one sold for \$4,100.

Bidding on some of the properties was spirited until the \$4,000 mark was reached. Apparently that was about the peak that any of the

bidders would pay, and they stopped cold.

One woman bid up to around \$4,000 on four of the properties, but refused to place a higher bid.

The sale was held in the corridor of the Court House, with Robert West, W. O. Bumgardner and Walter Weaver the auctioneers. Several hundred people were present for the auction.

The houses were built in 1947 to meet the critical veteran housing situation, and funds realized from

the sale will be used to pay for an elevator to be installed in the Court House in the near future.
